Exiting Socrates, head downhill turning left twice. Take the stairs to your left down or follow the street all the way to the fountain. If you took the stairs, turn left once you reach the main street and walk until you reach the fountain.

Cross the street and turn right, following the street downwards. As soon as you can, make a sharp left turn towards cubo 1c, and walk through this building.

Then turn left onto the lower level on the bridge and continue as far as possible, climb the stairs, turn left, crossing the bridge and then right again onto a small square, the University Club entrance is on the right.

The walk will take 10-15 minutes.
