Avviso di Seminario

Lunedì 22 maggio 2017 – ore 09:30

Aula MT11 – cubo 30B

l'ing. **Vincenzo Di Nicola**

terrà un seminario dal titolo:

Blockchain payments and security problems

Vincenzo Di Nicola
Digital builder and teacher. Over 10 years of experience in Silicon Valley, where he received a M.S. in Computer Science (Stanford University), led display ad Behavioral Targeting team (Microsoft), co-founded mobile payment startup (GoPago, technology acquired by Amazon). In his free time in Italy he works on digital history projects and teaches computer science in High Schools. In 2015 he co-founded Conio, a new startup that makes virtual currencies and their applications simple, safe and easily accessible to everyone.

Il Direttore del Dipartimento
prof. Nicola LEONE
