CORSO DI LAUREA E INSEGNAMENTO

- Master degree in Computer Science
- Network & Security

CARATTERISTICHE DELLA PROVA D'ESAME

- Oral exam in remote call using the Microsoft Teams platform. There are two separate parts of the oral exam that can be taken in separate moments: "Plain oral exam" and "Project discussion". The student must take both to obtain the final score

GESTIONE SU ESSE3

1) Per usual, with immediate notification of the obtained score to the student.

PRIMA DELL'ESAME

1) An Exams "channel" in the *Team* of the course will be used for handling exams and related communications.
2) Student devices: a PC with webcam. For the Plain oral exam, it is sufficient any device with a camera.
3) The ideal webcam shot should include the student frontal view head-to-knee (medium long – shot) for the Plain Oral Exam, and a medium close shot for the Project discussion (head-to-elbow). It is recommended to contact the professor for agreeing about the shot and to solve beforehand any connection/logistic problem.
4) The student will be identified by presenting a valid document or the university ID on the camera.

SVOLGIMENTO DELL'ESAME E ARGOMENTI

1) Plain oral exam: students will discuss with the professor about topics of the course in an interview of about 20 minutes.
2) Project discussion: the student will present its assigned project sharing his/her desktop, for the duration of about 20 minutes (including questions). While sharing her desktop, video and audio must be continuously on.
3) For the exam to be valid, at least two witness students must participate. The exam will not be recorded.
4) The score will be communicated by the exam commissaries soon after the exam.

SORVEGLIANZA E NOTE FINALI

1) Both professor and assistant lecturer will be present to the exam;
2) In case of technical difficulties, it is possible to agree about a repetition of the exam;
3) In agreement with current privacy protection regulations, it is strictly forbidden to record the exam and/or share video/pictures taken during the exam. Any infringement will be prosecuted according to the Italian criminal law.
